“**Grade**” means the Berth usage type that reflects specific benefits as stipulated in the current **BWML Berth Definitions** document.

1. The Contract

- 1.1. Berths at the Marina shall be licensed for the periods and at the rates and terms applicable for the Grade charge from time to time published by BWML at the Marina and in force at the commencement of a Contract. Details of the charges applicable to the Berth at the beginning of the Contract will be given to each licensee at the time that the Contract is granted.
- 1.2. The Contract shall not be automatically renewed but will end at the conclusion of the period agreed if not terminated sooner by BWML or by the Owner under the provisions of Clause 9.
- 1.3. The Owner must notify BWML in writing of the details of any change of names of the Vessel or change of the Owner’s own name, emergency contact, address or telephone number. This can be done using the **BWML Change of Details Form**.

2. Liability, Indemnity and Insurance Obligations

- 2.1. BWML shall not be liable whether in Contract, tort or otherwise, for any loss, theft or any damage of whatsoever nature suffered by any Vessel or vehicle or other property of the Owner, his crew, contractors or visitors, except to the extent that such loss, theft or damage was caused by the negligence of BWML.
- 2.2. Notwithstanding Clause 2.1 above, BWML shall not be liable for any indirect or consequential loss or damage.
- 2.3. The Owner shall maintain a minimum of third party insurance in respect of himself and his Vessel, vehicles, crew, agents, visitors and contractors in a sum of not less than £2,000,000 (two million pounds) in respect of each accident or incident, including sufficient cover against full foundering, salvage and wreck removal claims. Such insurance shall be effected and maintained by a reputable insurance company authorised under the Financial Services Authority (FSA) to carry on in Britain or in Northern Ireland, insurance business of a relevant class or who has corresponding permission under the law of another member state of the European Community. The Owner shall produce the above policy or policies and evidence of payment of the premiums to BWML on demand in addition to the request to provide a copy to BWML on a new Contract and when the Owner renews or changes their insurance. The Owner agrees not to do anything that could lead to the above policy or policies being revoked, vitiated or not renewed in the ordinary course.
- 2.4. BWML shall not be under any duty to salvage or preserve an Owner's Vessel or other property from the consequences of any defect in the Vessel or property concerned unless it has been expressly engaged to do so by the Owner on commercial terms. Similarly BWML shall not be under any duty to salvage or preserve an Owner's Vessel or other property from the consequences of an accident for which BWML is not responsible. However, BWML reserves the right to do so in any appropriate circumstances, particularly where a risk is posed to the safety of people, property or the environment. Where it does so it shall be entitled to charge the Owner concerned on a normal commercial charging basis (and, where appropriate, to claim a salvage reward).
- 2.5. The Owner shall ensure that the Vessel is insured for any lifting, mast removal and storage ashore and produce the insurance policy in accordance with Clause 2.3 to BWML prior to booking any boat lift operation through BWML.

3. Commercial Use

- 3.1. Except with the previous written consent of BWML, the Owner shall not use any part of the Marina or Vessel for any commercial purposes including, but without limitation hire of the Vessel, embarkation of charter parties, rental accommodation or advertising of any kind. Please note that if BWML does give its written consent for commercial use, such use will be subject to further terms and conditions and to the payment of additional fees, over and above those referred to in these General Conditions. For the avoidance of doubt, the occasional use of the Vessel by a friend of the Owner on payment to the Owner of a contribution towards the actual running costs of the Vessel shall not be deemed to be a commercial purpose.
- 3.2. Upon request, the Owner shall supply to BWML, full details in writing of all such use of the Vessel by friends or relations in accordance with Clause 3.1 above.

4. Sale of Vessel

- 4.1. The Berth is not transferable to the new Owner without permission from BWML and payment of brokerage fees or a Sale on Berth Fee where applicable. If a Berth is being transferred the current Owner must complete a **BWML Sale on Berth Application Form**.
- 4.2. The Owner shall not offer any Vessel for private sale, without the prior written consent of BWML, whilst it is in the Marina. In the event that BWML consents to the Vessel being offered for sale whilst it is in the Marina, the Owner must use BWML's brokerage service to effect the sale of the Vessel, or alternatively, in the event that the Owner sells the boat privately BWML reserves the right to charge the Owner a Sale on Berth Fee to allow an alternative party to occupy a BWML Berth. The Sale on Berth Fee is also applicable in the scenario when the boat is sold to a customer within the Marina. Proof of sale value is required for all situations.

- 4.3. Within seven days of any sale, transfer or mortgage of any Vessel, the Owner shall notify BWML in writing of the name and address of the purchaser, transferee or mortgagee, as the case may be if the new purchaser is remaining at the Marina using the **BWML Sale on Berth Application Form**.

5. Condition of the Vessel

- 5.1. The Owner shall ensure that the Vessel remains in a seaworthy condition at all times whilst it is at the Marina.
- 5.2. All Vessels must be kept clean and in reasonable repair at all times. Should a Vessel be damaged, then repair works must be carried out as soon as is reasonably possible. Tarpaulins and temporary covers are allowed as a temporary cover only.
- 5.3. Vessels berthed at Marinas connected to British Waterways' navigations must be in possession of the requisite valid Boat Safety Certificate and British Waterways' Craft Licence which shall at all times be prominently displayed on the Vessel. Vessels berthed in Marinas connected to Environment Agency waterways must be in possession of the requisite valid Boat Safety Certificate and must display a current valid Navigation Certificate and registration number at all times. Any Vessel registered on the Small Ships Register must display its SSR number at all times. Any exemptions to this must be authorised in writing by BWML Senior Management.
- 5.4. In addition to the requirements set out in Clause 5.1, the Owner shall ensure that the Vessel remains in an aesthetically-pleasing condition whilst it is at the Marina. For the avoidance of doubt, BWML shall be the sole judge of what is considered "aesthetically-pleasing" by having reference to the condition of the majority of the vessels moored at the Marina.

6. Work to Vessel

- 6.1. Minor running repairs or minor maintenance works of a routine nature, including but not limited to light sanding, staining, minor painting etc which does not cause noise, disturbance, disruption or pollution to the Marina or other Marina users may be carried out to your Vessel without BWML's permission. Extensive external sanding, angle grinding, welding, internal refit, spray-painting etc are considered major works and cannot be carried out within the Marina unless with BWML's prior written consent and in accordance with Clause 6.4. Maintenance may be carried out daily between 09.00 and 18.00 hours. When carrying out work, all BWML facilities, bollards, pontoons, service points etc must be suitably protected, kept clean and tidy at all times, and appropriate Health and Safety issues adhered to. We reserve the right to charge you for the full cost of any remedial works required as a result of your work.
- 6.2. Prior written consent for work to be carried out at the Marina shall not, without good cause, be withheld where the work is to be carried out in strict accordance with the documents Working on Craft in Dry Docks, Working on Craft in Dry Storage and Working on Craft on British Waterways Property where:
- 6.2.1. the work to be carried out is work for which BWML would normally employ a specialist sub-contractor; or
- 6.2.2. BWML is satisfied that the whole of the work is remedial and not servicing and is being carried out under warranty by the manufacturer and/or supplier of the Vessel or any part of her equipment to which the warranty relates; or
- 6.2.3. BWML has set aside an area of the Marina where the Owner may carry out work on the Vessel and the work for which consent is sought is restricted to that area.
- 6.3. The Owner must ensure that suitable risk assessments, method statements and a copy of the contractor's third party liability insurance policy in the sum of £5,000,000 (five million pounds) accompanies the request for consent referred to in Clause 6.1 above. The Owner must also ensure that contractors are only employed to carry out such repairs that they are qualified to undertake and that the contractors have the appropriate and requisite accreditations. For the avoidance of doubt, BWML reserves the right to refuse its prior written permission for the work once it has had an opportunity to consider the risk assessments and method statements of the contractor.

- 6.4. The Owner will only be permitted to undertake works on their craft, for which they have deemed competencies in being experienced in the carrying out of the required operation or the use of any power tools, such as welders, grinders or hot cutting equipment that would require professional certification. Operations that require the use of such equipment should be advised to the Manager or Supervisor for that Marina prior to commencement and be accompanied with a method statement and risk assessment for this task. Where this is the case then this must be carried out in accordance with a Permit-to-Work (Hot Work Permit). For the avoidance of doubt, BWML reserves the right to prevent any person from operating such equipment in the Marina if appropriate certification or records of competency cannot be produced when requested by any member of BWML staff.
- 6.5. If the Owner is using contractors to carry out any work, the Owner must ensure that the contractors register with the Office upon their arrival and pay a registration fee, details of which are available at the Office upon request.

The Contractor must register with the Office or in the absence of an Office to the prearranged person on arrival and on departure of each day.

Any contractors must follow the BWML registration process, providing copies of risk assessments, method statements as relevant and their liability policy. The Contractor Registration Request must be submitted to BWML. Any contractors will only be permitted to work on site once the Manager or Supervisor for that Marina has authorised all documents and provided a site induction.

All documents must be submitted annually. Method statements and risk assessments must be resubmitted more regularly should the method of work change. New or additional method statements and risk assessments should also be resubmitted if the Owner or contractors need to change the method of working or use different materials once work has commenced.

- 6.6. BWML reserves its right to insist that contractors working on the Vessel on behalf of the Owner leave the Marina if either the Owner or the Contractor has failed to comply with this Clause 6.
- 6.7. BWML also reserves its right to withdraw its consent if any work is carried out in contravention of the Guidance for Work in Dry Docks and/or in contravention with relevant Health and Safety legislation or approved codes of practice.
- 6.8. In carrying out any work the Owner shall not cause any nuisance and agrees to use his best endeavours to ensure that his contractor does not cause any nuisance to BWML and/or to any other users of the Marina and/or to any person residing in the vicinity of the Marina. If BWML receives any complaints regarding the work from any person using the Marina and/or from any person residing in the vicinity of the Marina, BWML reserves the right to either request a review of the method statement of the contractor so as to minimise or remove the nuisance or to withdraw its consent for the work.
- 6.9. In the event that BWML withdraws its consent for the work for any reason set out in this Clause 6, the Owner shall immediately, (save to the extent that the consent may further be extended in accordance with Clause 6.8), instruct the contractor to leave the Marina forthwith and the Owner shall immediately commence restoring the area in which the work was being carried out, into the condition it was in prior to the commencement of the work, including undertaking any remediation work that BWML decide is required, and shall complete same within a reasonable time from commencement of the work.
- 6.10. Prior to changing or modifying a Vessel, the Owner must receive written permission from BWML in order for the Vessel to remain at the Marina. This permission will not unreasonably be withheld.

7. Fees

- 7.1. Contract fees are calculated on a per Berth rate or Length Overall (LOA) of the Vessel as measured, including bowsprit or stem fittings, bathing platforms, out-drives or transom hung ladders and stern mounted dinghies. There is a minimum charge of 6.4 metres.

- 7.2. If the Owner wants a Vessel to occupy more than one Berth, BWML reserves the right to charge accordingly for the number of berths occupied. For all inland craft with a beam in excess of 3.0 metres BWML reserves the right to levy a minimum of 30% surcharge to a maximum of 100%, the maximum relevant if taking up the equivalent of 2 complete berths. The exception to this is at Kings Marina where a fixed Berth rate is applied for wide Vessels that occupy specific Berths. With regards our coastal Marinas, namely Hull, Glasson & Limehouse, non-inland craft with a beam in excess of 4.5 metres BWML reserve the right to effect a surcharge as inland craft which is a minimum of 30% and a maximum of 100%.
- 7.3. All Contract fees are payable in advance. Instalment payments can only be made on 12 month contracts with the first instalment of 10% due on the first day of the Contract, then 9 equal monthly instalments of 10% each on the first of each month following. One off payments are due no later than the start of the Contract period. All fees are inclusive of standard rated VAT. Fees will be adjusted to reflect any VAT changes. Contract fees are subject to an annual review and notice of any changes to the fees will be deemed to have been sufficiently given by BWML by the display of the amended Contract fees in the Office.
- 7.4. All Contracts start on 1st day of the Month the Vessel intends to arrive at the Marina.
- 7.5. Charge scaling of term length Contract invoices except at Glasson Basin Marina is as follows:

Months	Percentage of Full Annual Charge
3	30%
6	60%
12	100%

At Glasson Basin Marina only, the scaling charges shall be:

Months	Percentage of Full Annual Charge
3	40%
6	66%
12	100%

- 7.6. All Contract fees are inclusive of berthing fees, potable water and access to all the Marina facilities.
- 7.7. Where an electrical supply is available at an extra charge, it is guaranteed to be at a maximum load of 8 to 32 amps subject to Berth definitions.
- 7.8. Full details of all BWML charges in respect of this Clause 7 may be found at the Office reception and are incorporated into these General Conditions by reference. BWML reserves the right to alter these charges from time to time. In addition, please note that with regard to fuel bought, BWML reserves the right to determine what a fair market price without consultation is.
- 7.9. All payments may be made in sterling by crossed cheque (if backed by cheque guarantee card and made payable to BWML), credit or debit card or cash. Please note BWML is unable to accept American Express and Diners Club International cards.
- 7.10. BWML reserves the right to exercise a general lien upon any Vessel and/or other property belonging to the Owner whilst in or at the Marina until such time as any money due to BWML in respect of the Vessel and/or other property, whether on account of rental, storage, commission, access or berthing charges, work done, administration charges, legal costs or otherwise shall be paid by the Owner. In the event that the aforementioned lien remains unsatisfied for the specific period of time notified in writing to the Owner by BWML, the Vessel will be sold on brokerage and the proceeds of the sale used to satisfy the monies owed by the Owner to BWML. Any remaining monies after this will be remitted to the Owner.

- 7.11. Payments made under these General Conditions shall be made without deductions. The Owner shall punctually pay to BWML all sums owing to BWML under these General Conditions. BWML reserves the right to levy an administration charge in the sum of £20 plus VAT where applicable per letter against the Owner in the event that it becomes necessary for BWML or BWML's appointed legal advisors to write to the Owner to seek payment of any overdue payment or to advise of BWML's intention to commence legal proceedings against the Owner. For the avoidance of doubt, the Owner accepts that any administration charge levied against him by BWML in the circumstances set out in this Clause 7 represents a genuine pre-estimation of loss on the part of BWML. In addition to the administration charge the Owner will be liable for the payment of interest at the rate of the current Bank of England Base Rate plus 8% on any sum owing to BWML from the date of the third letter that BWML or BWML's appointed legal advisors are obliged to write to the Owner seeking payment of a debt until the payment of the debt by the Owner.
- 7.12. BWML will only make refunds of payments made under these General Conditions in the circumstances specifically provided for under these General Conditions and for no other reason whatsoever.
- 7.13. BWML must be in receipt of full settlement for the previous Contract before a new Contract will be issued unless a formal payment plan is in existence that covers the outstanding amount. Any deviation of this will lead to termination of the Contract under Clause 9.
- 7.14. BWML will not accept payments from a statutory body.
- 7.15. If a Contract commences for a Vessel not yet purchased by the Owner a nominal charge (in the absence of any known length will be based on a minimum of 10.0 metres if a metre rate is applicable, or a Berth rate if a Berth rate is applicable) will be charged for that Grade Berth starting the period the customer has requested for. When the Vessel arrives at the Marina, the original Contract will be terminated if the fee was based on a metre rate and the actual length is plus or minus 0.5 metres more than the length used on the current Contract and a new one raised starting the same date as the original Contract with a charge relevant to the Vessel purchased, with a **BWML Change of Details Form** signed by the Owner in agreement to the change. The credit of the original Contract will be based on the number of complete months utilised to date.
- 7.16. If the Length Overall (LOA) of a Vessel is recognised as being different to what is stated on the current Contract is greater than plus or minus 0.5 metres then the current Contract will be terminated as at the end of the month the discrepancy is recognised and a new one raised starting the same date as the original Contract, with a **BWML Change of Details Form** signed by the Owner in agreement to the change. The credit of the original Contract will be based on the number of complete months utilised to date.
- 7.17. If the Contract Grade stated on the current Contract is to be changed then the current Contract will be terminated as at the end of the month the discrepancy is recognised and a new Contract will commence on the 1st day of the following month at the rate prevailing for the start of the new Contract, with a **BWML Change of Details Form** signed by the Owner in agreement to the change. The credit of the original Contract will be based on the number of complete months utilised to date.

8. Berth Sublets

- 8.1. Berth Sublets are available only for a 12 month mooring Contracts subject to the Manager's discretion. All requests for Berth Sublets must be made in writing to the Manager or Supervisor for that Marina where the Berth is. The discount as tabulated directly below will only be made at the end of the 12 month Contract providing the Contract has not since been terminated and full payment has been made. The Owner of the Vessel occupying the Berth for sublet period will have to complete and sign a **BWML Berth Sublet Application Form**.

Length of Sublet	Discount on 12 Month Full Contract
Full 3 Months	10%
Full 6 Months	20%

9. Termination

- 9.1. Either the Owner or BWML may terminate a Contract by giving the other 28 days notice in writing. This can be done by the customer using the **BWML Notice To Terminate Contract Form**.

In the absence of written notice BWML will assume that the customer gave 28 days notice on the date that it became aware the Vessel had vacated the Marina permanently.

- 9.2. Without prejudice to any other rights BWML may have in respect of any breaches of the General Conditions by the Owner, BWML may terminate the Contract forthwith in the following circumstances:

9.2.1. if the Owner commits a breach of any term of the General Conditions which is capable of remedy but which is not cured within 14 days of the written notice to the Owner, at the Owner's last known address, specifying the breach and requiring its remedy; or

9.2.2. if the Owner commits a breach of any term of the General Conditions which is not capable of remedy.

9.2.3. if the Owners actions prejudice the effective or commercial operation of BWML's business and the delivery of this contract.

- 9.3. Upon termination by BWML pursuant to Clause 9.1 above, BWML shall refund to the Owner the unexpired portion as a fraction of days to the full Contract period of the mooring/hardstanding fees subject to a right of set-off in respect of any monies owed by the Owner to BWML.

- 9.4. Upon expiry of the 28 days referred to in Clause 9.1 or upon BWML terminating this agreement pursuant to Clause 9.2, the Owner shall be required to take delivery of his Vessel and remove it from the Marina within 7 days. If the Owner fails to take delivery and remove his Vessel within this period, BWML shall be entitled:

9.4.1. to charge the Owner the amount which would have been payable by the Owner to BWML if the agreement had not been terminated for the period between termination of the agreement and removal of the Vessel from the Marina; and/or

9.4.2. to remove the Vessel from the Marina and secure it elsewhere and then charge the Owner with all costs arising out of such removal, including alternative berthing fees; and/or

9.4.3. to sell the Vessel by auction and deduct from the sale proceeds

(1) all costs arising out of such sale, including but not limited to, removal costs, alternative berthing fees, auction fees, administration fees and legal costs; and

(2) arrears of Contract fees, accrued interest and any charges made pursuant to Clause 9.4.1 provided that BWML will account to the Owner thereafter in respect of any net sale proceeds.

- 9.5. If the Vessel is removed by British Waterways or other authorised body then the day the Vessel is removed from a BWML Marina, the Contract is deemed terminated, with the value of the Contract being reduced by the 10% refund scale as noted in Clause 9.6 below as if the Contract had ended on the last day of the month the Vessel was removed.

9.6. Upon termination by the Owner only 12 month contracts are eligible for refunds.

If the Owner is remaining with BWML and is taking out a new Contract for the reasons disclosed in Clause 7.16 where the Length Overall (LOA) of the Vessel is to be changed and/or Clause 7.17 where the Contract Grade is to be changed, BWML shall credit the Owner's original Contract invoice in accordance with Clauses 7.16 and 7.17. If a refund is due the refund is subject to a right of set-off in respect of any monies owed by the Owner to BWML or alternatively it will be used to set-off the value of the new Contract.

If the customer is leaving the Marina, the scaling of refunds for 12 month contracts is as follows:

Complete Months Remaining	Percentage of Total Annual Charge to be Refunded to the Customer
1	0%
2	0%
3	10%
4	20%
5	30%
6	40%
7	50%
8	60%
9	70%
10	80%

The amount to be refunded fits with the complete number of months remaining e.g. if a customer provides notice on 14 March, the refund is calculated on complete months from 1 May.

10. Refund Policy

- 10.1. There is no refund due on a Contract except on the termination of a 12 month Contract which is detailed above in Clause 9.6. Refund cheques will not be paid until after the customer has left the Marina.
- 10.2. If a 12 month Platinum Mooring Contract is being terminated, any third party services that have been paid for by BWML on the Owner's behalf, for example the River Canal Rescue Ltd cover, the full costs will be deducted from the refund if a refund is due regardless of the unexpired portion of the third party service contracts.
- 10.3. Subject to Berth availability, there is a non-refundable deposit on advance bookings of visitor moorings, based on taking full payment in advance of the period of stay booked.

If a Vessel is unable to arrive at the Marina on the first day of the intended stay and if a berth is available there will be an allowance made if the Vessel arrives within 2 days on either side of the first day of the intended stay.

Length of Stay Booked and Paid for in Advance	Non-Refundable Deposit
1 to 3 days	100% of mooring fee
4 to 28 days	50% of mooring fee

- 10.4. Subject to Berth availability, a non-refundable deposit will be paid on advance bookings of Berths for 3 or 6 month periods. The non-refundable deposit is payable in full at the time of booking at a fee noted in the table below. If the Owner then occupies the Berth in the Contract period reserved, the non-refundable deposit will be off set against the mooring fee for the Contract period. If the Contract period booked has started and the Owner then wishes not to occupy the Berth, the Contract will be subject to the formal Termination policy in Clause 9 above with no refund of the non-refundable deposit.

Period of Time Between Reservation Date and Contract Start Date	Fee for Contract Period to be Reserved	
	6 Months	3 Months
1 month or less	£100	£50

- 13.2. Where BWML complies with an Owner's request pursuant to Clause 13.1 above, the Owner agrees to indemnify BWML in full from and against any and all loss, damage or liability (including all legal fees and costs) incurred by BWML as a result of complying with such request.

14. BWML's Right of Sale

- 14.1. Any Vessel or other property left at the Marina in breach of the terms of this Agreement will be subject to the provisions of the Torts (Interference with Goods) Act 1977 ("the Act"), which confers on BWML as bailee a right of sale exercisable in certain circumstances.
- 14.2. In circumstances where the Act does not apply or where BWML cannot be regarded as a bailee of the Vessel, section 12 and Schedule 1 of the Act are expressly incorporated into these General Conditions except that where the term 'bailee' appears in the relevant provisions of the Act it is to be replaced with 'BWML' and where the term 'bailor' appears it is to be replaced with 'Owner' and where the term 'bailment' appears it is to be replaced with 'General Conditions'.
